check engine light,'99 beetle check engine light on '99 beetle stays on, has 85,654 miles and the a/c makin' a noise - Volkswagen 1999 Beetle question

SOLVED: Check engine light,'99 beetle - Fixya
A flashing check engine light is your Volkswagen Beetle 's way of saying "I have a serious problem, don't ignore me". Most of the time, that serious problem is a misfire. This flashing light should not be ignored. When your engine is misfiring, it is dumping raw fuel into the exhaust.

Volkswagen Beetle: Flashing Check Engine Light Diagnosis ...
99 VW Beetle 2.0 has a Check Engine Light on and its come up with Misfire codes ? took it to local garage after the engine management light came on this morning. it came up with the following faults . p0300 Random/multiple cylinder misfire. p0303 cylinder 3 intermittent misfire.

99 VW Beetle 2.0 has a Check Engine Light on and its come ...

VW New Beetle engine emissions warning light - the check engine symbol indicates a fault within the emissions system of your New Beetle. Generally the fault will be illuminated because of a faulty sensor such as an O2 or MAF (Mass Air Flow meter). You can diagnose the fault by using the iCarsoft i908 VW OBD Code Reader kit. It will give you a fault description, and a unique code which you can use to replace the faulty part.
