What were the first cars Richard Petty drove? Was his number always 43? When did he start painting the cars Petty Blue? How did Petty Enterprises end up with Pontiac? The list goes on and on. The more the authors researched, the more they realized that large portions of the King's career are obscure, a mystery to the legions of stock car racing fans and modelers who have discovered the sport in recent years. All this information and more is included for the die-

hard race fan or modeler.
