My personal opinion is that there's too much content in the IB Psychology syllabus – this is why we're seeing that despite the fact that it should be ridiculously easy to get a 7 in Paper One, only 4% of kids can do it. Only 4%, it seems, can explain a concept and use evidence to support it. That's all they have to do.

It's so easy to get a 7 in Paper One... | IB Psychology

*the phrase "approaches to research" is used in the official IB Psychology guide and it means "research methods" (e.g. true experiments, correlational studies, etc.) Students should be prepared for this phrasing, but hopefully the IB exam team will use the phrase "research methods" so as not to get confused with the three approaches (bio, cog & socio-cult).
